

TRANZAURA

TECHNOLOGY FOR TRANSPORT

Tis the season

November saw the last exhibitions of the year and we here at Tranzaura were delighted to have been a part of both the Euro Bus Expo in the NEC Birmingham and the CTTC Coach & Bus Show held in the RDS Dublin. You can read about our experiences at both of these events [here](#).

Christmas is just around the corner and if the Christmas lights and songs didn't tip you off then the cold weather we've been having surely did. To help you adequately deal with the change in weather we've put together a number of articles in our blog that should be of help. You can read these [here](#).

Road Safety Week took place last week and we went all out in the Tranzaura

Industry News

- [DAF CF wins Fleet Transport Irish Distribution Truck Award](#)

office for it, to do our small part to help keep roads safe for everybody. You can view the video of members of our team making the Road Safety Week pledge [here](#) and read quick safety tips on [our Twitter page](#).

We ran a number of offers for Road Safety Week, as well as Black Friday which has just passed. Due to the overwhelming success of these special offers we've decided to keep them running for the entire month of December, so should you sign up for either our driver or vehicle compliance solutions you'll receive 13 months subscription for the price of 12. Keep an eye out on our [website](#) for any more offers in the run up to Christmas

In the meantime, check out some photos from our recent exhibitions below.
